

ACG Production has developed a single use apron to protect the user's clothing. The apron has long sleeves and thumb holes, is cut out in nonwoven material with a plastic barrier that protects against liquid splashes. The soft and comfortable product is manufactured in Sweden and comes with high delivery reliability. Of course, the apron is CE marked according to CE PPE Categori 1 under Regulation (EU)2016/425 of the European Parliament and the Council on personal protective equipment.
