TO PUT ON THE APRON

Take out the apron that is folded and roll it out so that the front is visible.

- Hold up the apron. Make sure that the covering part ends up forward.
- Move the apron over your head.

Thread in arms so that the apron fits comfortably. Pull and adjust any creases on the abdomen and sleeves.

- Tie the apron firmly in the back.
- The apron should sit securely and cover the shoulders.

TO REMOVE THE APRON

Take a firm grip on the fabric at one shoulder. Pull with a powerful jerk diagonally outwards.

- Grab the front of the apron at the waist.
- Pull with a strong jerk for the belt in the back to drop.

Pull the apron away from you.

- Discard the apron.
- Do not reuse the apron.
